REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: Huffman, Daniels, Zalewski, Schwarz, Salzberg, Shu, Kurosawa, Skovdal, disclose various of contact structures, wherein, each is provided with a fixed contact set and a movable contact set, and some of which, such as Daniels, Zalewski, Schwarz, Shu, and Skovdal, include at least one of the sets that is structured with stepped configurations. However, the prior art of record, taken singly or in combination, does not suggest an arrangement of stepped configuration contact sets that include contact rings cooperating with arched contact plates supported on spring means, which are received in the peripheral holes of the steps, as specifically recited in instant independent claim
